

Church Community Builder Individual Benefits

- Download giving statement
- Easily track all of their group activities and responsibilities from a central location
- You can log into CCB from any computer connected to the internet.

Through CCB you can see and keep track of your personal giving statements. You won't be able to see anyone else's, without their password. This is a good time to remind you that your login and password are as secure as you allow them to be. You can also see the activities you are in. We hope that this will give you the tools you need with the flexibility and convenience to login whenever it works best for you.

Church Community Builder Quick Facts

- Your CCB login is secure. The information you enter is available only to others with a CCB login. Logins are only granted to members and friends of our church.
- You can control what pieces of your CCB profile that other members see. Go to "Edit Profile" and click on the "Privacy" link.

Here are the answers to some frequently asked questions. CCB allows us to offer security and privacy. You are in control of what people see on your profile and how you want us to communicate with you. You can change your mind at any time.
